Learning About Place Value

Hi friend! Did you know numbers have special places?
Today, we'll learn about the **'Ones'** place.

The Ones Place

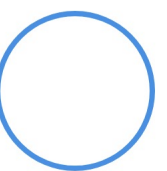

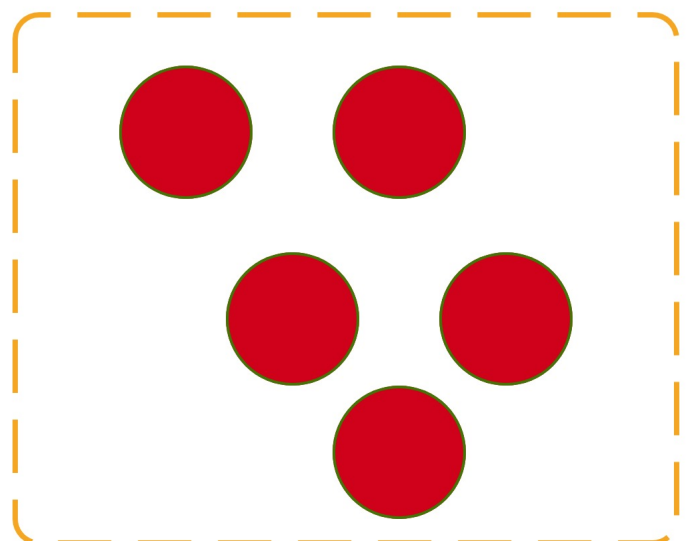

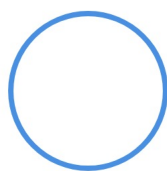

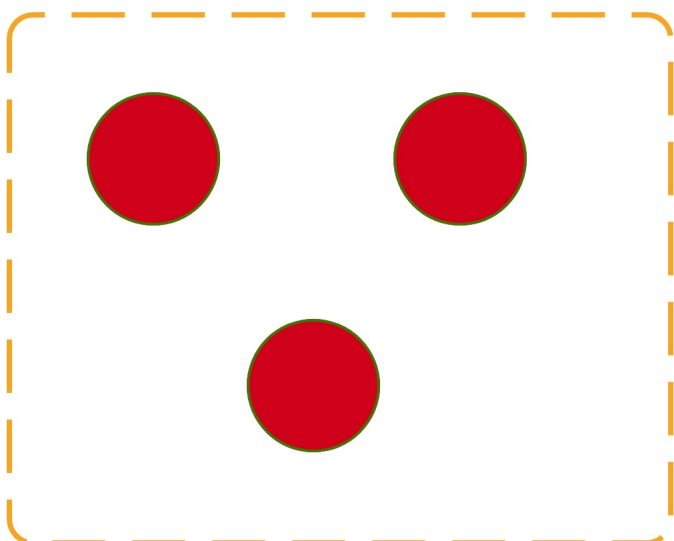

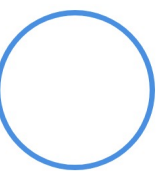

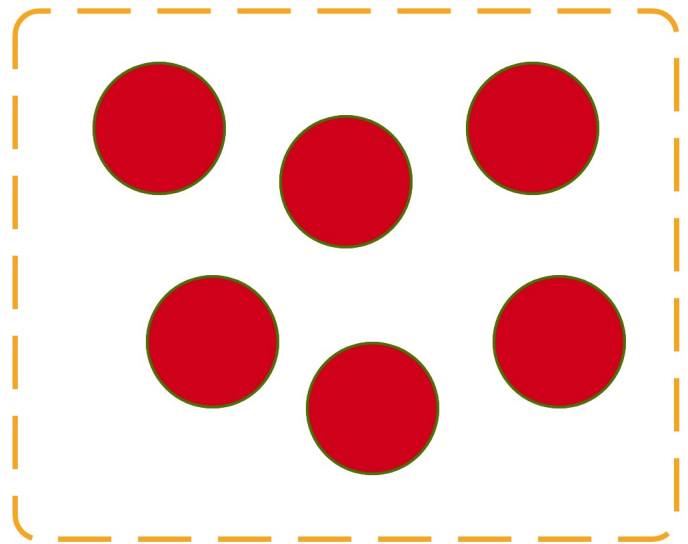

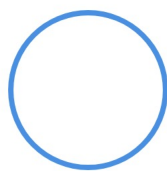

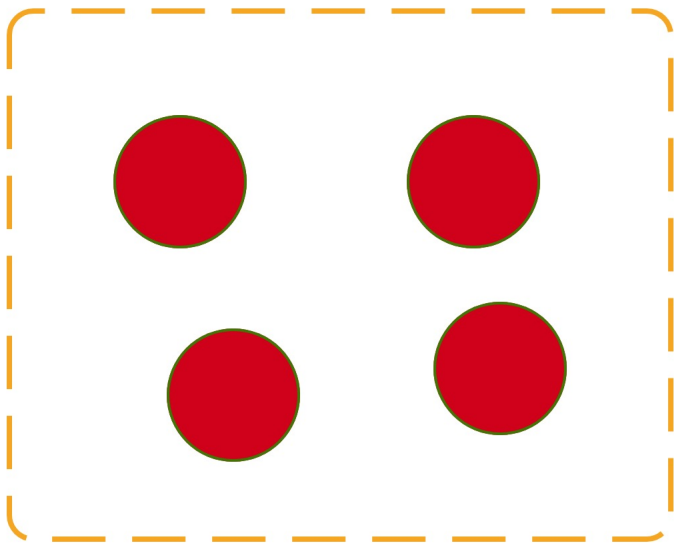

This is the number **one**.

The 'Ones' place tells us how many single items we have. Any number from 1 to 9 lives in the ones place!

Count the Ones!

Count the apples in each box and write the number in the circle.

Let's Learn About TENS!

Great job with ones! Now, let's see what happens when we group them.

10 ones are the same as 1 ten!

10 Ones

=

1 Ten

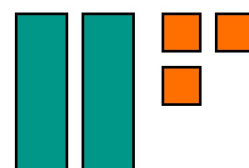

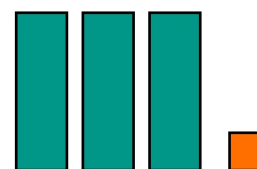

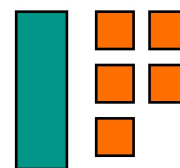

Draw a line to match the number to the correct blocks!

23

15

31

The Hundreds Place

10 tens make 1 hundred!

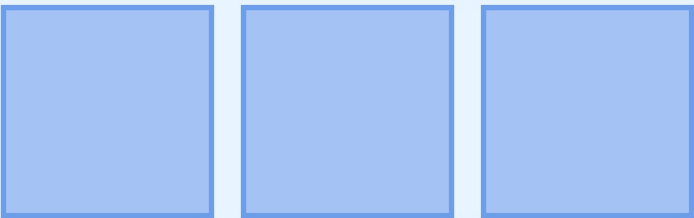

Match the Blocks

Draw a line to connect the number to the correct group of blocks.

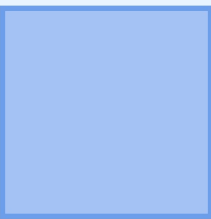

100

200

300

Place Value Practice

Write each digit in its correct place value house.

Hundreds

Tens

Ones

The number is **123**

The number is **254**
