

Name: _____

Date: _____

Constructing Geometric Sequences – Easy

1. Write the first 4 terms of geometric sequence with $a_1 = 4$, $r = 2$
2. Write the first 5 terms of geometric sequence with $a_1 = 2$, $r = 2$
3. Write the first 5 terms of geometric sequence with $a_1 = 2$, $r = 0.5$
4. Write the first 4 terms of geometric sequence with $a_1 = 3$, $r = 2$
5. Write the first 5 terms of geometric sequence with $a_1 = 3$, $r = 3$
6. Write the first 4 terms of geometric sequence with $a_1 = 5$, $r = 3$
7. Write the first 5 terms of geometric sequence with $a_1 = 5$, $r = 0.5$
8. Write the first 5 terms of geometric sequence with $a_1 = 5$, $r = 0.5$

Constructing Geometric Sequences – Easy – Answer Key

1. Write the first 4 terms of geometric sequence with $a_1 = 4, r = 2$
2. Write the first 5 terms of geometric sequence with $a_1 = 2, r = 2$
3. Write the first 5 terms of geometric sequence with $a_1 = 2, r = 0.5$
4. Write the first 4 terms of geometric sequence with $a_1 = 3, r = 2$
5. Write the first 5 terms of geometric sequence with $a_1 = 3, r = 3$
6. Write the first 4 terms of geometric sequence with $a_1 = 5, r = 3$
7. Write the first 5 terms of geometric sequence with $a_1 = 5, r = 0.5$
8. Write the first 5 terms of geometric sequence with $a_1 = 5, r = 0.5$
