

Measuring Up! Comparing Lengths

Learning Objective: Students will be able to compare and order objects based on their lengths.

Introduction to Length

 Short

 Medium

 Long

How to Compare

Line up objects at the same starting point to see which is longer or shorter.

 Longer

 Shorter

We can use tools like rulers to measure length exactly!

Your Turn to Compare!

Draw a line from each object to the correct label: **Shortest**, **Middle**, or **Longest**.

	Shortest
	Middle
	Longest

	Shortest
	Middle
	Longest

	Shortest
	Middle
	Longest

Practice: Shortest to Longest

Color & Order

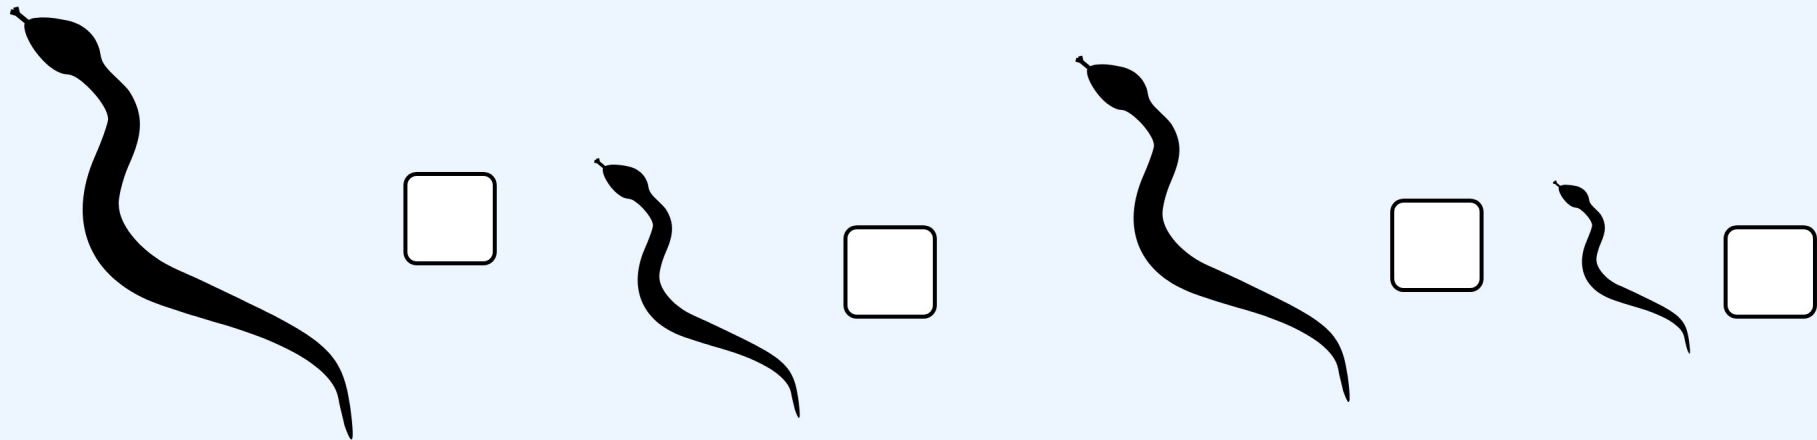

Color the rectangles from shortest to longest using the key.

-  Shortest
-  Middle
-  Longest

Number the Order

Number the snakes from shortest (1) to longest (4).

Draw & Order

Draw three lines from shortest to longest.

Shortest:

Middle:

Longest:

Quick Check

Circle the longest item in each row.
